REVISED: November 1, 2021
Section 2: The Certification Renewal Program

CRCC believes that individuals certified as rehabilitation counselors (CRCs, CCRCs, CRC-MACs, and CRC-CSs) should continue to expand their skills in order to enhance the quality of the services they provide. Certified rehabilitation counselors are encouraged to build on the demonstrated specified levels of knowledge, skills, and abilities addressed by the education and employment requirements and the initial certification examination. They are also required to provide evidence of continuing competence through the completion of courses and other activities that will help them more effectively serve their clients.

CRCC requires certification renewal at five-year intervals. Participation in continuing education throughout the five-year intervals is expected; participation in courses and programs sponsored by recognized continuing education providers affords a credible mechanism to support continuing competence and acceptable standards of quality in practice.

The continuing education clock hour credits associated with these activities is mapped to the same specified levels of knowledge, skills, and abilities addressed by the certification examination. CRCC conducts a role and function study every five years to ensure the CRC certification process accurately reflects the practice of rehabilitation counseling.
CRC Career Pathways
A CRC is the only professional counselor educated at the graduate level and who has demonstrated a breadth and depth of knowledge and skill necessary to serve individuals with disabilities across a wide range of disabling conditions.

The career opportunities for rehabilitation counselors are far-reaching and may cover a multitude of pathways and work settings.

Whether you are new to the field or have years of experience, CRCC encourages you to renew your certification and consider the career pathways available to you.

View the full Career Pathways diagram here.
Section 3: Guidelines for Certification Renewal

CRCC does not condone or engage in discrimination based on age, arrest record (including expunged criminal history), citizenship, color, disability (mental or physical), ethnicity/ancestry, genetic information, language (if unrelated to their duties), marital status, military status (including unfavorable discharge), national origin, pregnancy, race, religion, sex, gender, sexual orientation, gender identity, or any other additional class protected by applicable law, including applicable County or City ordinances.

CRCC respects the privacy of its certificants. View the CRCC Privacy Policy on the CRCC website.

The CRCC certification renewal program allows certificants to extend their certification status as a CRC, CCRC, CRC-MAC, or CRC-CS. This renewal of certification is based on the documentation of 100 clock hours of approved continuing education, of which a minimum of 10 clock hours must be in ethics.

Renewal Procedures

A certification renewal application will become available via My Account on the CRCC website approximately four (4) months prior to the valid-through date printed on the certificate.

To complete the renewal process, certificants must:

1. Log in to My Account on the CRCC website.
2. Update the contact information section with any changes.
3. Document the completion of 100 clock hours of continuing education, including a minimum of 10 clock hours in ethics. Continuing education must be submitted via My Account on the CRCC website.
4. Submit the renewal application. Once the required clock hours of continuing education have been documented, the renewal application will become available. Certificants may access the renewal application in the My Account section. Click the credential in the My Certifications and Renewals section and complete and submit the renewal application. The submission includes payment of the non-refundable certification renewal fee.
Notification of Renewal Deadlines
CRCC will make every reasonable effort to send notification that a certificant can begin the renewal process. However, it is the individual’s responsibility to renew their certification by the valid-through date on their certificate.

CRCC asks that certificants pay particular attention to the various deadlines that occur during the certification renewal process. If schedules for requested information are not met, additional fees may apply.

Failure to Renew
Failure to renew a certification will result in the expiration of certified status. Should a certificant fail to renew their certification and pay all fees, they will be required to re-apply, meet the criteria in effect at the time of reapplication, and achieve a passing score on the certification exam.

Attestation
When completing the renewal application, a certificant agrees that they will adhere to the CRCC Code of Professional Ethics for Rehabilitation Counselors and acknowledge the information provided in their renewal application is accurate. If CRCC subsequently learns that a certification was renewed on the basis of false, misleading, or inaccurate information, it has the right to revoke or suspend that certification.

Furthermore, a certificant signifies their acceptance and understanding of the following statement: “Information submitted as part of the application for initial certification or certification renewal becomes the property of CRCC and will not be released to outside parties unless authorized by the applicant/certificant or unless required by law. Individual exam results are released to the certificant and are not released to any institution or employer. For research and statistical purposes only, data resulting from the initial certification and certification renewal process may be used in an anonymous/unidentifiable manner. CRCC does provide a database listing certificants on its website, which is updated periodically, for the use of the public. CRCC also receives and responds to requests for information about the certification status of those holding its credential.”

Re-Application Following Discontinuation of Application Processing or Revocation of Certification
Certificants who engaged in action that caused CRCC to terminate application processing or revoke an individual’s certification may re-apply after 18-months have elapsed. Re-application does not guarantee a determination of eligibility.

CRCC welcomes the submission of a personal statement and/or documentation of affirmative educational or corrective measures taken to address the concern(s) that initially led to termination of application processing or revocation of certification.

Section 4: Continuing Education
At any time, a certificant may access My CE Report via the My Account Links on the right side of their CRCC account page. Certificants can verify the status of their continuing education submission(s) and the total number of clock hours approved and added toward the total 100 required clock hours.

CRCC strongly encourages certificants to submit documentation as activities are completed. Remember, there is no cost when submitting continuing education credits that are pre-approved.
When renewing their certification, certificants must complete 100 clock hours of continuing education, of which a minimum of 10 clock hours must be in ethics. The dates of completion of the continuing education clock hours submitted for a certificant’s current renewal cycle MUST fall within their current five-year period. Certificants may only submit the same program one time.

**Note:** There is no requirement for clock hours in the Professional Development domain; if a certificant chooses to fulfill their continuing education requirement in the Professional Development domain, they can submit a maximum of 50 clock hours out of the required 100 clock hours.

### Section 5: Domain Focus Areas

The continuing education activities used expand and enhance rehabilitation counseling practice are mapped to the same domain focus areas addressed by the certification examination. The domain focus areas are continually validated through ongoing role and function studies.

When a certificant completes continuing education specific to the ethical standards and practices in rehabilitation counseling domain, they will see this credit in the Ethics CE area of their transcript. Continuing education credit for other domains will display in the General CE area of the transcript.
Ethical Standards and Practices in Rehabilitation Counseling

Section 7: Extensions

All extension requests must be submitted via My Account on the CRCC website prior to the renewal date. Please note that CRCC revised the extension policy effective July 1, 2019.

30-Day Extension
CRCC provides a 30-day extension beyond the certificant’s renewal date for submission of renewal material. The request must be submitted via My Account on the CRCC website prior to the renewal date, along with payment of the extension fee. Continuing education may be accrued during the 30-day extension period. The individual’s certification will remain in an active status during this 30-day extension period. The renewal process may be completed at any time within the 30-day extension period.

12-Month Extension
CRCC also provides a 12-month extension beyond the certificant’s renewal date for submission of renewal material. The request must be submitted via My Account on the CRCC website prior to the renewal date, along with payment of the extension fee. Continuing education may be accrued during the 12-month extension period. The individual’s certification will remain in an active status during this 12-month extension period. The renewal process may be completed at any time within the 12-month extension period.

Note: Renewal extensions have two distinct extension fees. However, the maximum extension is 12 months from the original renewal date.

Section 8: Appeals Process

The CRCC appeals process is available to any certificant who feels the eligibility criteria for certification renewal have been inaccurately, inconsistently, or unfairly applied. Materials should be submitted to the CRCC Executive Director. If the Executive Director cannot come to a decision, the materials will be reviewed by the Standards and Examination Committee (including any new evidence the certificant wishes to submit). The appeals process is designed to provide:

• Complete reviews of the facts at issue;
• A second, independent evaluation of the material presented to document the certificant’s eligibility for certification renewal;
• Due process; and
• Fair, consistent application of the eligibility criteria
**Requesting an Appeal**
At the time a certificant is informed the continuing education or certification renewal documentation submitted has been denied by CRCC, they will also receive information about their right to appeal as well as the procedures, instructions, and time schedules for making such an appeal. A request for such an appeal must be sent to CRCC in writing within 30 days of the decision.

None of the members of the Standards and Exam Committee will have taken part in the decision-making process of the Executive Director, thus ensuring a second, objective review of each certificant’s file. However, members of the Standards and Examination Committee will have the report of the Executive Director to study before making their decision. The decision of the Standards and Examination Committee is final.

**Section 9: CRC Retirement Designation**

Certified Rehabilitation Counselors (CRCs) who are retiring from active practice may choose the retirement designation, which changes the CRC certification to an honorary designation. CRC/Retired status enables the individual to stay on CRCC’s mailing list to receive updates and news from the field of rehabilitation counseling. There is a one-time fee to select the CRC/Retired status.

An individual may not actively practice using their CRC designation when they are in the CRC/Retired status.

If an individual’s retirement status changes and they wish to regain use of the CRC certification, they would need to re-apply, meet the criteria in effect at the time of re-application, and achieve a passing score on the certification examination. Therefore, if an individual believes that they may provide consulting or other services in the future using their CRC certification, they should not select the retirement designation, but should continue to maintain the CRC certification.

The retirement status may be selected at the time of renewal by selecting the retirement option within the renewal application accessible via My Account on the CRCC website.
Section 10: Fees

Section 11: Frequently Asked Questions

What qualifies as continuing education in the ethics focus area?
The content of the program must convey specific behavior that is related back to, preferably, the CRCC Code of Professional Ethics for Rehabilitation Counselors or, alternatively, the ACA Code of Ethics and Standards of Practice. Appropriate subject matter must relate to rehabilitation counseling and must include one of the following:

- The counseling relationship
- Confidentiality, privileged communication, and privacy
- Advocacy and accessibility
- Professional responsibility
- Relationships with other professionals and employers
- Forensic services
- Assessment and evaluation
- Supervision, training, and teaching
- Research and publication
- Technology, social media, and distance counseling
- Business practices, or
- Resolving ethical issues

How often must I renew my certification?
Once certified, individuals must renew their certification every five years.

How do I renew my certification?
Renewal requires submission of an online renewal application and appropriate fees. Certificants also need to document 100 clock hours of approved continuing education, 10 of which must be in ethics. These clock hours must be accrued within the certificant’s five-year period of certification.

How will I know if a workshop, seminar, conference, or in-service training session I attend is considered pre-approved continuing education?
Many organizations seek CRCC’s pre-approval of their programs. When a certificant completes the activity, the sponsor will provide them with a verification of completion form containing a CRCC approval number. To receive credit, access My Account on the CRCC website, submit a Pre-Approved Continuing Education Application, and upload a copy of the verification of completion form. No fee is required for pre-approved programs.

Can I receive continuing education credit for activities that aren’t pre-approved by CRCC? If so, what fees are required?
Yes, any continuing education activity that satisfies at least one focus area described in this guidebook can be submitted for approval on a post-attendance basis. The procedure, which is described in detail in the Continuing Education section, is as follows:

- Access the My Account section of the CRCC website;
- Click the My CE Report link in My Account Links;
- Upload the required documentation; and
- Pay the required $18.00 processing fee per program

Note: Post-approved activities will be deleted from the CE Report section if the review fee has not been paid within 45 days of submitting the activity.
If I acquire more than 100 clock hours in a five-year period, may I apply the excess to the next renewal cycle?
No, since continuing education is intended to keep certificants current with emerging trends and technologies, it may be applied ONLY to the current five-year certification period.

Is there an advantage to submitting my continuing education on an annual basis?
Yes. It helps to keep track of how much continuing education a certificant has on file and how many clock hours are still needed to renew the certification. At any time, certificants may check the status of the continuing education clock hours submitted via My Account on the CRCC website.

Can I take all of my clock hours through home study programs?
Yes, CRCC does not restrict the method used to obtain continuing education.
