REVISED: November 1, 2021
CRCC is committed to maintaining exemplary standards of practice for professionals who practice in vocational evaluation, work adjustment, and/or career assessment. CRCC strives to elevate the quality of services provided to consumers so each and every professional takes pride in his or her chosen field, and so each and every consumer receives services that enhance his or her vocational opportunities.

As the profession is a dynamic one that is constantly evolving, CRCC has a certification renewal program for Certified Vocational Evaluation Specialists, Certified Work Adjustment Specialists, and Certified Career Assessment Associates. Persons who are certified are required to demonstrate their professional development at five-year intervals. This type of certification maintenance is considered an essential part of an effective credentialing process and maintenance of a profession.

This Certification Renewal Guide is designed to describe the requirements and procedures involved for those who wish to renew their certification, including how to document the attainment of continuing education with CRCC.

Why Renew the Certification?
The purpose of the certification renewal process is to encourage professional growth as a Certified Vocational Evaluation Specialist (CVE), Certified Work Adjustment Specialist (CWA), and/or Certified Career Assessment Associate (CCAA). Renewal of a professional certification also promotes quality services to the individuals served. CRCC offers a certification renewal program that allows individuals to continue their professional status as a CVE/CWA/CCAA for an additional five years from the expiration date of their current certification.

Section 3: Guidelines for Certification Renewal
CRCC does not condone or engage in discrimination based on age, arrest record (including expunged criminal history), citizenship, color, disability (mental or physical), ethnicity/ancestry, genetic information, language (if unrelated to their duties), marital status, military status (including unfavorable discharge), national origin, pregnancy, race, religion, sex, gender, sexual orientation, gender identity, or any other additional class protected by applicable law, including applicable County or City ordinances.

CRCC respects the privacy of its certificants. View the CRCC Privacy Policy on the CRCC website.

The CRCC certification renewal program allows certificants to extend their certification status as a CVE, CWA, or CCAA. This renewal of certification is based on the documentation of 80 clock hours of approved continuing education.

A certification renewal application will become available via My Account on the CRCC website approximately four months prior to the valid-through date printed on an individual’s certificate. To complete the renewal process:

1. Log in to My Account on the CRCC website.
2. Update the contact information section with any changes
3. Document the completion of 80 clock hours of continuing education. Continuing education must be submitted via My Account on the CRCC website.
4. Submit the renewal application. Once the required clock hours of continuing education have been documented, the renewal application will become available. Certificants may access the renewal application in the My Account section. Click the
credential in the **My Certifications and Renewals** section and complete and submit the renewal application. The submission includes payment of the non-refundable certification renewal fee.

**Notification of Renewal Deadlines**
CRCC will make every reasonable effort to send notification that a certificant can begin the renewal process. However, it is the individual’s responsibility to renew their certification by the valid-through date on their certificate.

CRCC asks that certificants pay particular attention to the various deadlines that occur during the certification renewal process. If schedules for requested information are not met, additional fees may apply.

**Failure to Renew**
Failure to renew a certification will result in the expiration of certified status.

**Attestation**
When completing the renewal application, a certificant agrees that they will adhere to the [CRCC Code of Professional Ethics for Rehabilitation Counselors](#) and acknowledge the information provided in their renewal application is accurate. If CRCC subsequently learns that a certification was renewed on the basis of false, misleading, or inaccurate information, it has the right to revoke or suspend that certification.

Furthermore, a certificant signifies their acceptance and understanding of the following statement: “Information submitted as part of the application for initial certification or certification renewal becomes the property of CRCC and will not be released to outside parties unless authorized by the applicant/certificant or unless required by law. Individual exam results are released to the certificant and are not released to any institution or employer. For research and statistical purposes only, data resulting from the initial certification and certification renewal process may be used in an anonymous/unidentifiable manner. CRCC does provide a database listing certificants on its website, which is updated periodically, for the use of the public. CRCC also receives and responds to requests for information about the certification status of those holding its credential.”
Section 4: Continuing Education

At any time, certificants may access My CE Report via the My Account Links in the CRCC account page. Certificants may verify the status of their continuing education submission(s) and the total number of clock hours approved and added toward the total 80 required clock hours.

CRCC strongly encourages certificants to submit documentation as they complete each activity. Remember, there is no cost when submitting continuing education credits that are pre-approved.

Certificants must complete 80 clock hours of continuing education. The dates of completion of the continuing education clock hours submitted for a certificant’s current renewal cycle MUST fall within their current five-year period. Certificants may only submit the same program one time.

When renewing, certificants must:

Section 10: Frequently Asked Questions

What qualifies as continuing education in the ethics focus area?
The content of the program must convey specific behavior that is related back to, preferably, the **CRCC Code of Professional Ethics for Rehabilitation Counselors** or, alternatively, the ACA Code of Ethics and Standards of Practice. Appropriate subject matter must relate to rehabilitation counseling and must include one of the following:

- The counseling relationship;
- Confidentiality, privileged communication, and privacy;
- Advocacy and accessibility;
- Professional responsibility;
- Relationships with other professionals and employers;
- Forensic services;
- Assessment and evaluation;
- Supervision, training, and teaching;
- Research and publication;
- Technology, social media, and distance counseling;
- Business practices; or
- Resolving ethical issues.

How often must I renew my certification?
Once certified, individuals must renew their certification every five years.

How do I renew my certification?
Renewal requires submission of an online renewal application and appropriate fees. Certificants also need to document 80 clock hours of approved continuing education. These clock hours must be accrued within the certificant’s five-year period of certification.

How will I know if a workshop, seminar, conference, or in-service training session I attend is considered pre-approved continuing education?
Many organizations seek CRCC’s pre-approval of their programs. When a certificant completes the activity, the sponsor will provide them with a verification of completion form containing a CRCC approval number. To receive credit, access My Account on the CRCC website, submit a Pre-Approved Continuing Education Application, and upload a copy of the verification of completion form. No fee is required for pre-approved programs.

Can I receive continuing education credit for activities that aren’t pre-approved by CRCC? If so, what fees are required?
Yes, any continuing education activity that satisfies at least one focus area described in this guide can be submitted for approval on a post-attendance basis. The procedure, which is described in detail in the Continuing Education section, is as follows:

- Access the My Account section of the CRCC website;
- Click the My CE Report link in My Account Links;
- Upload the required documentation; and
- Pay the required $18.00 processing fee per program

**Note:** Post-approved activities will be deleted from the CE Report section if the review fee has not been paid within 45 days of submitting the activity.
If I acquire more than 80 clock hours in a five-year period, may I apply the excess to the next renewal cycle?
No, since continuing education is intended to keep certificants current with emerging trends and technologies, it may be applied ONLY to the current five-year certification period.

Is there an advantage to submitting my continuing education on an annual basis?
Yes. It helps to keep track of how much continuing education a certificant has on file and how many clock hours are still needed to renew their certification. At any time, certificants may check the status of the continuing education clock hours they have submitted via My Account on the CRCC website.

Can I take all of my clock hours through home study programs?
Yes, CRCC does not restrict the method used to obtain continuing education.
