

Dr. James F. McNeil

Disability and Leave Services (DLS) Compliance Consultant
Amazon

I've been a Certified Rehabilitation Counselor since 2011. I've worked for three state rehabilitation agencies and three Fortune 500 companies. I decided to work as a CRC in the private sector because I wanted to change the culture from within. I wanted to help businesses create policies and procedures that were inclusive. I am happy to report that this is what I am doing now on a daily basis as a Disability and Leave Services (DLS) Compliance Consultant for Amazon, and I couldn't be happier.
