Pre-Review: Required Knowledge Areas

Please complete the two matrices below shown in this worksheet to help you guide the pre-review CRC Category 3 eligibility process. For more information, refer to the [CRC Certification Guide](#).

Send the completed two matrices below to aosborne@crccertification.com.

The right column includes the key concepts associated with CRCC's required knowledge areas. In the left column, please list the graduate course or courses (course name and number) where the required information associated with the knowledge areas was covered. If the topic was not covered in a class, please type NONE in the course name column. This information will be used along with course catalog descriptions and/or course syllabi in the pre-review process.
