

CE Featured Provider

Thank you for your participation in the CRCC pre-approval process. CRCC understands the value of continuing professional development for certificants; your pre-approved programs help them meet their educational needs and professional goals.

The CRCC CE Featured Provider option highlights your business on the CRCC's continuing education pages. Your listing as a Featured Provider includes a link to your web site, providing easy access for potential learners. You may include your organization's logo and also have the option of being featured as a CRC/CCRC provider, a CVE/CWA/CCAA provider, or both.

HOW THE PROGRAM WORKS

Step 1: Complete the application.

The application simply requires contact and billing information. You also need to provide the information to be displayed in the Featured Provider section on the CRCC website. E-mail your completed application to CRCC along with your payment.

Step 2: CRCC will process your application and apply your payment to the Featured Provider option.

Once CRCC processes your application and payment, your organization's information is added to the Featured Provider section of the CRCC website.

Step 3: Changes to your contact information?

If your contact information changes at any time, simply e-mail CRCC with the update.
