

COMMISSION ON REHABILITATION
COUNSELOR CERTIFICATION

OPENING PATHWAYS—CHANGING LIVES

Kenyotta Eugene Cross, Ed. D., CRC, NCC

Education Programs
Administrator at the
Commission on Rehabilitation
Counselor Certification (CRCC)

“Having found the field of rehabilitation counseling by accident initially, I am SUPER proud to say that I have enjoyed more than 30 years of work experience with persons with disabilities. The emphasis on disability sets this specialty apart from any other training that is offered to prepare professionals to work with this unique group. The CRC designation inexplicably offers a formal layer of value, recognition, accountability, and professionalism for me to continue to do what I love. It is why I maintain this credential.”
