OPENING PATHWAYS—CHANGING LIVES

Adrienne Robinson, Ed.D, CRC

Graduate Coordinator and
Assistant Professor, University of
Arkansas at Pine Bluff

"To take the stigma away from individuals with disabilities and educate students on the necessity of our field...Our bodies and our minds are important. Why wouldn't someone seek help like one does their medical doctor?"

The mastery I want is for everyone, everywhere, but especially individuals with disabilities to know that they can improve their lives and achieve their goals. And my contribution — WHAT I do to decrease the stigma — educating, writing articles, research, and serving roles to have a voice at the table...are expressions of my WHY.

If you look at anything I do, you will notice that all pathways lead back to my WHY—"

[Share YOUR Why as a CRC here!](#)
